

Green Economics Institute presents An Examination Programme

The Green Economics Institute provides opportunities all year round, to undertake both Professional and Academic Qualifications.

This exam gives Full Professional Accreditation. As a Green Economist .GE you will legally be able to use these Professional letters after your name.

To qualify you must either attend a full conference and then you sit the open book exam on the last day of the conference or participate in a month long study programme at the Green Economics Institute. We provide a complete set of topical up to date books and materials for you to use to prepare during the conference for this purpose. Suitable for CPD (Continuous Professional Development).

Please apply at the start of the conference or before for more details of the practical arrangements.

For more details and to apply please send your CV
