

Call for Conference Papers, Speakers and Participants

The Green Economics Institute

Celebration Invitation

10th Anniversary,
10th Annual Green Economics Institute,
Green Economics, 4 Day Conference,
to be held at Trinity College, University of Oxford
March 22nd - 25th 2015

Rebalancing and Reforming Finance, Banking, Economics and the Economy

To halt the rolling Tide of Climate Change, Halt the Mass Extinction of Species, Prevent Poverty and create an inclusive future looking economy for the benefit of all the worlds people, nature, other species and the planet.

To challenge the narrow scope, core and assumptions of mainstream economics and use holistic, inclusive and interdisciplinary explanations, instruments, and tools.

To reform mainstream and neo classical economics to provide equal access for all, whilst providing academic rigour of the highest standards in terms of new thinking in philosophy, methodology and ontology for economics. *(Tony Lawson Cambridge University Economics tutor and writer believes we are leading change by example in this respect.)*

To found an inclusive, and progressive economics discipline based equally on environmental and social justice and on diversity which comfortably includes data and learning from other disciplines. We have managed to do this in the first 10 years of the Institute.

We return to the fundamentals, basing economics on *oikia*, which means household or estate management. Indeed, the Earth is the household on which we all depend.

The four pillars of Green Economics, in a framework of social and moral underpinning: Policymaking, Campaigning, Business, Academic

Challenges we face ahead: The world is undergoing social and environmental change and a global shift in power. Wealth is accumulating in fewer hands. Democracy is under threat. Globalisation has led to production being mainly in sweatshops in the East. The European Economy has been hollowed out.

The Green Economics Institute is an independent, international, networking body, working on the core philosophies of economics & ecological reality.

We are calling for papers, speakers, workshops and participants and please feel free to recommend other ideas. We are particularly keen to encourage new and non standard speakers as well as more experienced participants. Everyone is very welcome.

Call for Papers: Invitations to write

Publishing in our Academic Proceedings

Committee Approval

We are having a special academic committee for each of our publications. Please email us if you would like to be part of one of the committees or if you would like to write for the publication or to join its management or editorial committee

International Journal of Green Economics

All participants are invited to submit papers for the special academic proceedings we produce which are lodged with the British Library. The best are also invited to be published in our books and some are invited to be submitted to our double blind peer reviewed academic journal as well as our new Open Source Academic Journal for the Launch at the Conference.

Publishing in our Brand new Open Source Journal

The launch of our new Open source journals will take place at the conference- and if you wish to publish in them please email now to let us know.

Publishing in our Members' Magazine *The Green Economist* special commemorative issue 10th anniversary -please send in articles, photos pictures ideas for this

Publishing in our books

We are also offering to publish 2 new collated contributed volume of speakers books as a direct result of the conference and the papers will need to be different to those in the academic journals.

Call for Reports

We are calling for Reports on the state of the worlds Economy, climate, Equality and Biodiversity to be on our relaunched website which is now attracting 10,000 visitors a week ! And well over 3 million people have visited us. Most of them in this present year! These reports will be published by the Green Economics Institute on line and in print.

Citations

Many of our regular participants gain at least 3 citations from the conference—sometimes more with relevant papers which can go into several books. If you are unsure please just email to ask how it works. All paid up conference participants will receive a Proceedings document on arrival at the conference with lots of really useful and topical papers and ideas, usually 300 pages to use for their work or study.

Instructions

The papers must be in .doc or open source .odt- (all our papers and all our books are produced using open source IT) and must include 5 lines of your biography at the front and your name and contact details and the title of the piece.

Please send it in as early as possible. We take papers up to 3 weeks before the conference but to be certain to be considered for inclusion please email us with your idea now and send the paper much earlier.

The Green Economics Institute is now 10 years old, and will have its 3 millionth web visitor. We have published 50 books and 75 Publications and had 400 students. We invite you to celebrate these milestones with us.

Special Celebratory Event 20 years of Green Economics and 10 years of The Green Economics Institute

We will be holding special celebratory events throughout the year in 2015. The main annual anniversary conference will be held for four days, from Sunday March 22nd 2015 at Trinity College, The University of Oxford with a day of keynote speeches from high profile speakers.

On Sunday 22nd March 2015 during the day time there will be more keynote speeches and discussions at Trinity College.

This will be followed by a special dinner on Tuesday evening March 24th 2015

From Sunday March 22nd 2015, we will be at Trinity College, Oxford University, one

of the most attractive of colleges in the world, with stunning gardens and lovely buildings for 3 days of lively workshops where participants will all get a chance to speak, present their ideas and lead discussions should they so wish. We are expecting lots of speaker applications so please email us now to book a place to ensure you get a long enough slot for your ideas.

We will be running a lecture and panel debates with invited speakers to debate the issues of the day.

On Tuesday and Wednesday March 24th and 25th we will be running workshops and speeches from all participants who wish to speak, as well as plenary speeches from high profile speakers dotted throughout the whole event, at the beautiful Trinity College.

On Wednesday March 25th the closing evening, we will have a dinner party at the Friends Meeting House in Oxford with a typically English lovely walled garden from the 16th century which is always a favourite with our participants and where many of our world class innovations have been dreamed up!
